## **General Price List**

The Order of Christian Funerals and Burial in consecrated ground, among fellow believers, is the final expression of our faith as Catholics and it is the sacred right, privilege and calling of every Catholic to choose such a burial.

Catholic Cemeteries have played a vital role in Southern California since the time of the Spanish Missions. Today, eleven cemeteries and six mortuaries serve the members of our Archdiocese, each connecting us with our history and Christian ancestry.

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any preneed agreement in the possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent.

## OUR COMMITMENT

For your convenience, we have aligned our service offerings and packages with the Order of Christian Funerals. Our basic services of our funeral directors and staff includes, but is not limited to, the availability of our personnel 24 hours a day, 365 days a year to respond to your initial call, the arrangement interview, bookkeeping, accounting, and any general clerical administration fees. In addition, it also provides for the securing and filing of the death certificate, any disposition permits necessary, and the coordination of your service plans with all parties involved in the final disposition, such as the cemetery or crematory as well as a premium crucifix. This fee for our basic services will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

## URN PRICE LIST

Since the human body has an eternal destiny in any form, the Church requires that cremated remains of a body be treated with the same respect given to the human body from which they come. This includes the use of a worthy vessel (urn) to contain the ashes, which should be buried or entombed after conclusion of the Funeral Rites in the same timely manner as a body. Cremated remains of a loved one are not to be scattered, kept at home or divided into other vessels among family members, just as it is clear that these practices would desecrate a body in a casket.
